Hello

my name is Brian Rose #42432-087

I want my Attorney Elizabeth Gross removed from my Case For the reasons? She never responded to Six Letter that I wrote her we met three times and we was supposed to view the video of the incident and it was never showed. She had a Plea deal that was never discuss with me. The three times we met she had it every time its a video showing that I never touch the Officer when this incident occurred. She wants me to plea to a assault that didn't happened. Also I have not been indicted on any charge and its been 12 months since the happened. I have been locked down the whole time. A plea was giving to me today by a Correctional officer to me. This is unprofessional and I know she is not in this case to fight for me. She is on the united states Attorney side. I thought whatever we talk about was between me and my Attorney.

Thank You For your time  
and Response
